

MCV Ceramic Filter & Duplexer Part Number Legend

$\frac{XXX}{1} \quad \frac{XXXX}{2} - \frac{XXX}{3} \quad \frac{XX}{4}$

(1) Type:

Expressed by three–digit alpha characters:

BNM = Mono-Block Band pass Filter without PCB;

BPM = Mono-Block Band pass Filter with PCB;

BPX = Discrete Band pass Filter;

BCM = Ceramic Encased Band pass Filter;

DNM = Mono-Block Duplexer without PCB;

DPM = Mono-Block Duplexer with PCB;

DPX = Discrete Duplexer;

DCM = Ceramics Encased Duplexer;

“BH” = High Power Band pass Filter; and,

“DH” = High Power Duplexer

(2) Nominal Center Frequency (MHz):

Expressed by three or four–digit number

(3) Bandwidth (MHz):

Expressed by two or three-digit number

(4) Revision:

Expressed by one alpha and one numeric designation
